

TESTIMONIALS

"After having Rachel organize my closet, it only takes me 5 minutes to get dressed in the mornings. Coming home now feels like a relief and a safe haven - finally!"

"Rachel! I love my new bathroom!! This has been the best money I have ever spent! Thank you!"

-JAMES

"I first met Rachel when I moved to Greer. I am disabled and it is difficult for me to unpack boxes and set up my house after moving from Vermont.

Right from our first meeting I felt comfortable enough with Rachel to talk about my needs and not be embarrassed about the mess she would be undertaking. Rachel is very easy to work with. She quickly "got me" and my style. She works quickly, neatly & takes charge when needed. She hung my many works of art, brilliantly! She magically fit my things into cabinets when it seemed like there wasn't any room.

My closets are beautiful. I highly recommend Rachel. She is a gem. And she is really fun to work with!

My pantry was driving me crazy I knew that getting it organized would help me find things easier but i had no idea how happy it would make me every time i opened my pantry doors! I realized that i was wasting so much money buying duplicates because I couldn't see everything! Thank you so much for a great job!
